Dear Max:

Imagine our surprise when during the dark days of the pandemic lockdown, you appeared at the NJID Administrative Offices with boxes of Bumble Dolls!

Your gift is so appreciated because the dolls are crafted with love and a passion for humanity. The Bumble Dolls represent the very best of our collective humanity... a spirit of generosity and caring for the vulnerable among us. There is no doubt the infants, children and adults who are served by the continuum of NJID programs will find comfort and cheer from these handcrafted dolls. While they are created as faceless images, the imagination of every owner will transform the doll and they will become beloved treasures.

The Bumble Dolls are a measure of faith and commitment and, on behalf of those who will receive them, I thank you. From the bottom of my heart, I thank you and all who made this donation possible. Please convey my gratitude to all you friends and colleagues who share your commitment. What you have created here is more than a doll... it's a statement and example of compassion.

With deep appreciation, I am,

Yours sincerely,
